UK: Four ways to spell the /or/ sound!
But are there any more!?

English Language and Phonics News:

PN Classes have been discovering new foods in the 'Healthy Eating' theme and why fruits and veggies are so good for us. They have also spent time pretending to be all things 'spring' while learning about the 'Wonders of Nature'.

N Classes are making so much progress in their pencil control and are beginning to learn and understand correct letter formation. It won't be long before they are able to attempt to write their own name! ✍️.

LK Classes have almost finished learning how to write all 26 letters of the alphabet - what a BIG achievement! They are now ready to move on to structured reading and spelling activities through learning to blend the sounds in consonant-vowel-consonant (CVC) format eg bus, cat, man.

UK Classes have been learning that there are multiple ways of representing some of the 44 sounds, eg er/ir/ur all make the same sound. At first it is difficult to remember which is the correct representation when spelling and writing but with practise and extra reading opportunities it becomes easier and easier 🙌.

Dear N1 children,

As we embrace the vibrant months of March and April, I'm overjoyed to see how much you have all grown and flourished! Your bright smiles light up our classroom, making it a joyful place for learning. In April, we explored the theme 'Animal World', discovering fascinating sea animals through stories and preparing drama props for our show. I'm so proud of your active participation and how you confidently shared your thoughts in class. With just a few months left in this school year, let's continue to learn, explore and create wonderful memories together!

In March and April, we had so much fun with many exciting activities! We went on a special tour of the Yakult factory, where we learned all about how Yakult is made and how it keeps our tummies happy and healthy — it was super interesting!

In the theme 'Wonders of Nature', children dressed up as busy bees and fluttering butterflies and explored colourful flowers to collect nectar. We also acted out the story 《蝸牛愛下雨》 The Snail Loves Rain》 pretending to be the characters and bringing the story to life!

During our 'Animal World' theme, we enjoyed a story about 'Clumsy Crab' and transformed our classroom into an ocean adventure. With creative costumes, we acted out the characters—scuttling like crabs and pretending to be sea creatures. It was a splash-tastic way to bring the story to life! Our trip to Tsuen Wan Park was a wonderful day filled with fun, nature, and giggles!

The past two months have been filled with rich learning and vibrant celebration in our classroom. Guided by their natural curiosity, the children embraced meaningful traditions and hands-on projects with great enthusiasm. We welcomed the winter season with a heartwarming Dongzhi celebration, sharing traditional stories and treats. Building on this theme of care, our 'Healthy Habits' project turned students into food explorers—they investigated nutrition, designed their own 'healthy fridge' art, and learned how food fuels our bodies and minds.

Our Chinese Culture Day added another layer of joy, as students expressed themselves through beautiful traditional art forms. We are incredibly proud of their curiosity and collaboration, and we look forward to the learning ahead.
